Kerala State Board

## EXPERIENCE

2022 - 2025

Omnific Codes, India

### Full Stack Web Developer

- Designed and developed responsive web applications using php with laravel framework, meeting project requirements and deadlines.
- Collaborated with cross-functional teams to gather requirements, define project scope, and implement features.
- Implemented RESTful APIs for seamless interaction between front-end and back-end systems.
- Conducted code reviews to ensure adherence to coding standards, best practices, and scalability.
- Worked closely with UI/UX designers to translate design mockups into functional user interfaces.
- Manage MySQL databases: create tables, write queries, and perform migrations.
- Ensure application security by implementing authentication, authorization, and data validation.

2021 - 2022

YanoClub,India

### **Junior Full Stack Developer**

- Developed responsive and user-friendly interfaces using HTML, CSS, JavaScript
- Built and maintained backend logic and APIs using PHP/Laravel and MySQL.
- Integrated frontend applications with backend REST APIs
- Performed debugging and resolved UI/UX and backend issues.
- Designed and optimized database queries, migrations, and schema structures.
- Collaborated with senior developers to implement new features and improvements.
